2. **"Fill it Up" Water relay** - you have buckets of water and sponges - you need to use the sponge to fill up a bucket on the other side of the line of people - so the first person dips the sponge and then passes it all the way down the line and the last person squeezes it out - keep repeating until the bucket is full.

One person from each team steals a bean bag from the middle and brings it back to your hoop - when all bean bags are gone from the middle - you then steal from your neighbors hoops (1 at a time) until one team gets 3 bean bags in their hoop - then that team gets a point. Reset it and the next person goes.
